December is "3D" Prevention Month

December is National Drunk and Drugged Driving Prevention Month. Two people are killed nearly every hour due to impaired driving, and young adults are at the most risk.

Those who intend to drink alcohol need to plan on how they will be getting from one place to another. Using a designated driver, taking public transportation, calling a taxi or walking are all good alternatives to driving after consuming

alcohol. Even small amounts of alcohol cause impairment. If you drink, don't drive.

The Stuttgart Army Substance Abuse Program offers Drunk and Drugged Driving prevention training. To arrange this training or obtain training materials, call Jeffrey Whitesell, Stuttgart ASAP prevention coordinator, at 431-2743/civ. 07031-15-743.

Civilian LES To Show Only Partial SSN

The Defense Finance and Accounting Office will begin masking part of the Social Security numbers appearing on Leave and Earnings statements mailed to civilians. Effective the pay period ending Jan. 24, 2004, only the last four positions of the SSN will appear on the hard copy LES. This change will not impact the electronic LES available on myPay, which will continue to display the entire nine-digit SSN.

Report Suspected Espionage Incidents

Community members can help prevent subversion and espionage by guarding against the collection efforts of foreign intelligence services. Watch for those who attempt to gain information through threats, coercion, bribery or trickery. Report incidents by calling the Stuttgart Military Intelligence Office at 421-2206/civ. 0711-729-2206.

Annual Prevention Refresher Required

6th Area Support Group civilian employees

and supervisors are required to attend refresher training in the Prevention of Sexual Harassment each fiscal year.

Upcoming class dates are Dec. 16, 8:30 a.m. for employees, 10:30 a.m. for supervisors; and Jan. 16, 8:30 a.m. for employees and 10 a.m. for supervisors, in the Swabian Special Events Center. For more info call 421-2649/civ. 0711-729-2649.

Absentee Ballots Get Back-up System

Heard about a FWAB? The Federal Write In Absentee Ballot, Standard Form 186, is a “back-up” ballot that allows eligible voters overseas to cast their vote if they don’t receive their regular ballot in time. For more info go to www.fvap.gov/services/fwab.html.

Heed Holiday Safety Warnings

Cooking fires are the number one cause of home fires in military quarters. They are responsible for hundreds of deaths and thousands of injuries each year. Supervise all kitchen activities and never leave cooking unattended.

Home heating equipment fires are the second leading cause of home fires and related deaths. Properly maintain heating equipment and use supplemental heating appliances such as portable and space heaters, fireplaces and wood-burning stoves with extreme caution. Remember, these types of devices are prohibited in all U.S. government facilities.

Smoke detectors save lives. U.S. Army family housing units have hard-wired smoke detectors installed, but for those living off-post, the investment in smoke detectors is an absolute necessity. For more info call the 6th Area Support Group Safety Office at 421-2752/civ. 0711-729-2752.

Force Protection Travel Requirements

All Department of Defense military and civilian personnel must be briefed on force protection considerations that apply to their destination and to the route they plan to travel to and from that destination. Before leaving on any trip, always check government force protection Web sites for up-to-date travel advisories. These Web sites are www.state.gov/travel (criminal/travel advisories/ warnings), www.cdc.gov/travel (types of diseases at that location) and www.odcsops.hqusareur.army.mil (FP page, threat levels by country).
